**Online registration for two additional RIBO Exams now available via the
Insurance Institute of Ontario**

(Toronto, ON – August 23, 2021) In partnership with the Registered Insurance Brokers of Ontario (RIBO), the Insurance Institute of Ontario is pleased to announce that licensing candidates are now able to register for all virtually proctored licensing exams online directly with the Institute.

Starting August 20, 2021, candidates can book their Unrestricted – Technical and Farm Technical licensing exams for the September RIBO exam period (September 13 – 24) and subsequent RIBO exam periods. With the addition of these two exams, RIBO candidates can now register for any RIBO exam directly with the Institute. Candidates generally do not need to apply to write their exam prior to registering for their virtually proctored exam with the Institute.

In addition:

- Information on virtually proctored RIBO exams, technical requirements and how to register is available on [the Insurance Institute website](#).
- Once an exam has been graded, candidates can view their results online. Individuals who pass their examination can visit the RIBO website for full details on next steps and how to apply for their license.
- Unrestricted—Technical, Level 1 and auto equivalency candidates will continue to have access to a digital version of the policy wordings during their virtually proctored exam. More information can be found on [the Insurance Institute website](#).

“Virtually proctored examinations continue to be a safe and convenient option for RIBO candidates looking to become licensed in Ontario,” says Katie Mellor, President, RIBO Council.

“Since April, hundreds of RIBO candidates have registered and written their RIBO exams directly with the Institute. We are proud to support brokers and their employers with licensing options that meet their needs, including online classes with live and on-demand options,” says Ross McDougall, Insurance Institute of Ontario President.
